PROFESSIONAL SUMMARY

Results-driven Full Stack .NET Developer experienced in building scalable web and desktop applications. Proficient in C#, ASP.NET Core, Angular, Flutter, and SQL Server. Delivered end-to-end solutions across healthcare, retail, and restaurant management domains. Experienced with CI/CD pipelines, Docker, and Agile methodologies. Completed the ITI Full Stack .NET training program with hands-on project delivery.

WORK EXPERIENCE

Full Stack Developer | Forgotten Mines

October 2024 – Present

Cairo, Egypt

- Develop and maintain Flutter Web applications with a focus on performance, scalability, and user experience.
- Build and integrate backend services using ASP.NET Core Web API, ensuring efficient data flow and system reliability.
- Design and implement CI/CD pipelines using Azure DevOps to automate build, testing, and deployment processes.
- Collaborate in an Agile team environment, participating in sprint planning, stand-ups, and retrospectives.
- Optimize system workflows and third-party integrations to deliver seamless cross-platform experiences.

PROJECTS

Real Estate CRM

- Built the backend with ASP.NET Core Web API (.NET 8, Clean Architecture, SQL Server, EF Core, JWT authentication) and the frontend with Angular, delivering a bilingual (Arabic/English) CRM covering leads pipeline, contacts, deals, projects/inventory, activities, support tickets, notifications, and management reports.

EDUCATION & TRAINING

Full Stack Web Development Intern (.NET Track) | ITI – Minia Branch

Jul 2025 – Dec 2025

Intensive 6-month training program | .NET, Angular, SQL Server

- Graduation Project: MEP Management Material System — AI-powered MEP quantity extraction using OpenAI Vision API, ASP.NET Core Web API, Angular, Python, and Excel Automation.
- Examination System: Designed a comprehensive relational database for electronic exam management using MySQL.
- E-Commerce Website: Built with JavaScript and Firebase; implemented product catalog, cart, and user authentication.
- Digital Notes Manager: Windows Forms desktop application for creating, editing, and organizing personal notes.
